### **ServasOnLine 2011 financial status report nr 1/2011**

3. In June 2011 an process of clarifying individual ServasOnLine payment situations has been started; first results show that we can expect that it is going to result in collecting most of the payments in a relatively short period of time.
4. No money was spent on the ServasOnLine project in 2011 until the date of this status report. It is worthwhile to remind that the only expense out of the ServasOnLine contributions so far and related to the ServasOnLine project was the cost of the crucial organizational meeting in Spinea, Italy, in May 2010.
