

SERVAS SUMMER ACTIVITIES: KEEP MOVING!!

Do not tell a youngster what he/she **MUST** do.

But approach him/her with a "hosting" attitude.
Then give some guidelines but let her/him free to decide his/her own way.
And "...feed him/her with your dream", as an old song of 60ies said, and be an example of a concrete alternative way-of-living.

So we started our Servas Summer SYLE activities in Italy welcoming some youngsters from abroad: Vilma from Budapest, Paschwa from Malawi, Kim from Seoul, Nikodem from Polen.....

Each of them will bring us joy and happiness and opportunities to meet in outdoor activities.

On the last week end the Italian Servas Youth Group organized a walk in the Alps. Around 40 Servas people of different ages gathered to welcome our first guest for this summer: Vilma, 18 years old from Budapest. We walked and played and enjoyed a wonderful sunny day!
